Health Fair: "Salud más allá de las Fronteras" ("Health beyond borders")

10:00 a.m. – 5:00 p.m.

Hispanic Cultural Center of Idaho
315 Stampede Drive
Nampa, ID 83687

A free event which includes free health screenings including total cholesterol, glucose, A1C (for diabetes), blood pressure, height/weight, hip/waist circumference, foot exams, and dental screenings. Other activities include educational displays, health resources information and fun activities for the whole family. Idaho State University Meridian Campus health program students and faculty will be providing a wide variety of health screenings free of charge to attendees.

St. Al's Mobile Mammography Unit will be on site and will provide 25 mammograms to the first 25 women age 40 or older who schedule in advance and haven't had a mammogram within 3 years. The number for scheduling will be advertised closer to the event.
