IDAHO

Discover. Connect. Empower.

Join Us! For a special presentation by Robbie Jackson from Idaho Department of Health & Welfare, Live Better Idaho Program and Website. They will be providing an overview of the Live Better Idaho website and will be available to help service providers get their information onto the site to better serve our communities.

Live Better Idaho's goal is to connect people to resources to help them live better, but they need YOU to provide your organizations information onto their page.

Feel free to check it out prior to the meeting and come prepared with any questions:
